NQT PROGRAMME

This is an academic year package beginning in November 2019 with a focus on the secondary phase of education. The Altius Derbyshire TSA NQT programme aims to enhance the provision already provided by the individual schools and Derbyshire Local Authority. As Derbyshire LA is a strategic partner of the TSA, the programme has been planned in liaison with them to ensure that it meets the specific needs of secondary schools in our area.

The focus of the programme is reflection upon observed classroom practice and action research, hence the sessions will involve the NQTs in observations of experienced classroom teachers in local secondary schools.

Programme Aims

- To ensure that NQTs gain the support they require in order to develop and reflect on their own practice
- To promote reflective practice based upon classroom observation of experienced teachers
- To build the knowledge, skills and understanding required to ensure successful completion of their NQT year

Session 1 Assessment for Learning	Half Day
Session 2 Planning for Learning	Half Day
Session 3 Whole day in a school (with time in own subject area)	Full Day
Session 4 Behaviour for Learning	Half Day

The programme will be hosted in a range of schools to provide participants with experience of observing learning in different settings

Cost £280 (£200 for any additional NQTs)

Please send completed booking forms to Lucy Wood - Teaching School Coordinator
